Star Chamberberg Will Take Counsel With Dictator Mussolini

By ALVIN J. STEINROFF
Copyright, 1936, the Associated Press

VIENNA, May 14.—After removing Prince Ernst von Star Chamberberg as Vice-Chancellor of Austria, Chancellor Kurt Schuschnigg's first act today was to promise Austria's loyalty to Italy. Having thrown the powerful Prince out of the government, the scholarly Schuschnigg assured Premier Mussolini Austria remained Italy's loyal ally. Their relations are further cemented.

VIENNA, May 14.—Scholarly Chancellor Kurt Schuschnigg assumed supreme command of Austria today after a 24-hour rule by Prince Ernst von Star Chamberberg, a cabinet adviser, ousting his former "co-dictator," Prince Ernst von Star Chamberberg, and other powerful Heimwehr (homeguard) elements, from the ministry. Star Chamberberg is regarded as a close friend and sympathizer of Premier Mussolini.

Austria was quiet but tense, the popular feeling apprehensively that von Star Chamberberg declared in a public address today that the Heimwehr would be "divested of its influence" only after my day's delay.

A Heimwehr official revealed Prince von Star Chamberberg had arranged for an airplane to fly to Rome today for a day's stay, and his office from the government.

Heimwehr officials issued reassuring statements to provincial Heimwehrmen with the aim of asking whether they should attempt to occupy government posts and public buildings, the officers replied no action should be taken.

von Star Chamberberg's leadership was relieved last night of the vice-chancellorship. Picture of the prince, a close sympathizer with Premier Mussolini, had disappeared overnight from billboards and walls. The black and red flag of Germany was raised momentarily over the Heimwehr headquarters by a group of persons.

Police removed it immediately.

Supreme

KURT SCHUSCHNIGG

VIENNA, May 14.—Dissolution of the 22-month-old two-man dictatorship of the dynamic Prince von Star Chamberberg, as vice-chancellor, and the scholarly Dr. Schuschnigg, as chancellor, was attributed officially to "differences of opinion." Chancellor Schuschnigg submitted the resignation of his cabinet to President Wilhelm Miklas last night.

The president immediately asked the chancellor to form a new ministry. Schuschnigg accepted his own strength, becoming chancellor, de facto minister and chief of foreign affairs. He dropped von Star Chamberberg, naming Edward Baar-Baronelli vice-chancellor.

Schuschnigg's strengthened position was interpreted in varied reactions. In Austria, thought to mean possibilities of:

- 1—Better relations between Austria and Germany.
- 2—Facilitation of the quarrelling elements of Austrian private armies.
- 3—Emphasis on democratic elections.

Heimwehr sub-commanders ordered their units to "keep heads down" and declared only orders from the government should be obeyed by them.

In Styria and the Tyrol the Heimwehr received a command to stand in readiness.

U.S. CONGRESS REJECTS FARM DEBT MEASURE

Biggest "New Money" Drive of Session Crushed by Landslide Vote

By DOUGLAS B. CORNELL
Associated Press Staff Writer

WASHINGTON, May 14.—The \$3,000,000,000 Frazier-Landis farm debt refinancing bill, the largest "new money" drive of the session, was crushed Wednesday under a landslide vote in the United States House of Representatives.

The 235 to 142 record bill that killed the bill sent fiery yells ringing through the packed house chamber clanked one of the most hotly contested battles of the 74th Congress, and represented a victory for the Democratic House leadership.

Sponsors of the legislation who went down to defeat after five years of hard work, saying the measure to a vote, tried vainly to swing the tide in its favor by offering amendments after amendment designed to lure more votes. Some were accepted.

SMALL LOANS LIMIT URGED

OTTAWA, May 14.—The senate banking and commerce committee today decided to recommend a return to small loan companies on loans up to and including \$100 be eliminated to 25 per cent, per month or 30 per cent, annually. On loans more than \$100 up to the legal maximum of \$500 the committee recommended the return be limited to two per cent, per month or 24 per cent, annually.

The committee also recommended that the return be limited to two per cent, per month or 24 per cent, annually. The committee also recommended that the return be limited to two per cent, per month or 24 per cent, annually.

GRAND TRUNK SHAREHOLDERS WIN HEARING

Privy Council Allows Appeal of Londoner For Redress

By THOMAS T. CHAMPTION
Canadian Press Staff Writer

OTTAWA, May 14.—The judicial committee of the Privy Council today allowed the appeal of George Lovibond, on behalf of a number of holders of stock in the Grand Trunk Railway Company of Canada and others.

Lovibond sought a declaration that the shareholders had been illegally deprived of their holdings when the Canadian government acquired the railway 15 years ago.

The Privy Council decision was the latest step in a protracted legal battle which began shortly after the Grand Trunk railway was acquired by the Canadian government.

MANY BLACKS STILL LOYAL TO SELASSIE

Negus Followers Establish Ethiopian Government

In Gore Region
Khartoum, May 14.—Loyal followers of Emperor Haile Selassie have established an Ethiopian government in the Gore region, close to the Anglo-Egyptian Sudan frontier, British authorities say.

Gore is about 250 miles southwest of Addis Ababa, and only about 50 miles east of Gambela, Ethiopian trading centre now under the jurisdiction of the Sudan authorities by virtue of a lease arranged in the tri-power treaty of 1906.

REGION PATROLLED

Capt. E. N. Ezikins, British command in the Gore region, announced establishment of the Ethiopian administration in a dispatch to Sudan authorities. Police and troops under the command of British officers are patrolling the region, arresting bands of armed army deserters, the dispatch said.

No indication was given as to whether the government had been set up in the town of Gore or in some other place outside the city.

THROOPS LEAVE

As Ethiopians were believed anxious to keep their exiled country seat, fearing an air attack, British planes landed at Addis Ababa.

Despatches from Addis Ababa said an Italian military column had left there Tuesday, continuing bringing the region under Italian control.

Dr. Robertson Regrets Death Of Draegerman

TORONTO, May 14.—Dr. E. Robertson last night expressed deep regret at the death in St. Michael's, N.S., of Joe Campbell, one of the men who helped rescue Dr. Robertson from the Moose River gold mine where they were imprisoned 10 days.

Campbell was killed yesterday in the 400-foot level, when he stepped in front of a sliding of timbered ore cars returning to the surface.

HALIFAX, May 14.—Sitting up in a hospital bed, unable to get up, to tell him some of his toes would be amputated, Alfred Scott, the first of the men who helped rescue him from the Moose River mine, said.

"I feel very deeply the untimely and tragic death of the man who was killed yesterday," he said, when told of Campbell's death in a mine accident at St. Michael's yesterday.

"My deepest sympathy goes out to his wife and family," said Scott.

Former Edmonton Vocalist Captures B.C. Festival Final

VANCOUVER, May 14.—Kathleen Cox, formerly well-known in Edmonton, musical circles, and now residing in Vancouver, last night won the final in soprano class for the British Columbia festival.

Cox was given 179 marks for her "exceptionally fine interpretation of 'As With the Dove Moans' by Handel."

Man To Face Trial For Burning Bridge

NELSON, B.C., May 14.—Paul Vatkin was brought here from Grand Fork last night and lodged in the Nelson jail pending the trial at Vernon, B.C., where he will face trial on a charge of setting fire to a government building.

Grand Forks by Magistrate J. R. Brown and Wednesday elected for his trial.

The crown charges Vatkin set fire to a highway bridge near Grand Fork.

LEAGUE OF NATIONS AFFAIR LATER

REVEAL INNER WORKINGS OF N.Y. VICE-RING

Charles "Luck" Luciano and Nine Others Facing Trial

NEW YORK, May 14.—The inner workings of what Special Prosecutor Thomas E. Dewey called a \$1,600,000-a-month vice-gang were described Wednesday by the first witness in the trial of Charles "Luck" Luciano and nine other men charged with compulsory prostitution.

DIVIDED EARNINGS

The witness, Rose Cohen, 25, told how she had been "booked" from home to house, how she divided her earnings and how her case was "fixed in court" when she was arrested.

The woman, who said under cross-examination her real name given Rose Galla, was one of the 100 material witnesses rounded up during a series of raids by Dewey agents.

CZAR OF VICE-EMPIRE

Dewey, in outlining the case to a supreme court jury, said Luciano was the czar of a vice-city that extended from New York City into New England. He pictured Luciano as living luxuriously in a fashionable hotel and spending his days handling the details of the vice-ring.

In reply, Defense Counsel George M. Levy declared Luciano "never had anything to do with this rotten conspiracy," but earned his living as a gambler during the last few years.

ZEPP AIRSHIP BREAKS MARKS 2-WAY FLIGHT

Huge Dirigible Ties Up in Home Port in Record Time

By LOUIS P. LOCHNER
Copyright, 1936, by Associated Press

FRANKFORT ON THE MAINE, Germany, May 14.—Outstanding all records for both eastward and westward commercial crossings of the Atlantic, the giant German Zeppelin, Hindenburg, touched ground here at 5:40 a.m. (8:40 p.m. Wednesday, M.S.T.), to end its first flight from America.

The official flying time for the voyage from Lakehurst, N.J., was given as 40 hours, three minutes, during which the great air cruiser covered 6,610 kilometers (4,106 1/2 miles).

Its arrival signifying the end of its maiden round-trip between Germany and the United States with passengers, mail and cargo.

Despite the early hour of its arrival, a great crowd gathered at the airport and a Nazi band played lustily.

The same excitement as attended the Zeppelin's arrival in Lakehurst after a flight of 61 hours, 33 minutes from Friedrichshafen welcomed the return of the massive lighter-than-air cruiser to its new base in even swifter record time.

SHORTAGES HIT \$120,000 MARK

SEAFORTH, Ont., May 14.—With 25 safety deposit boxes still to be opened, strong attorney Decker Holmes of Huron county announced today that shortages in the estate of John J. Huggard, Seaforth banker, have reached the \$120,000 mark.

Interviewed in Goderich, the crown attorney said all the missing bonds have been used by Huggard in stock market transactions. The fugitive is without funds. He is of officially charged with theft of \$2,000.

Seek To Reopen Sabotage Cases During Last War

WASHINGTON, May 14.—New York attorney today sought to show that the federal government was "false, fraudulent and perjured testimony" by past and present officials of the German government was presented by the United States Wednesday in seeking to reopen the Black Tom and Kingsland war-time "sabotage" cases.

The data was placed before the German-American mixed claims commission at a meeting in the United States Supreme Court building.

The United States, charging the two main plants were destroyed in 1916 and 1917 by German submarines, claimed \$50,000,000 against the German government for property damage and loss of lives in the explosions.

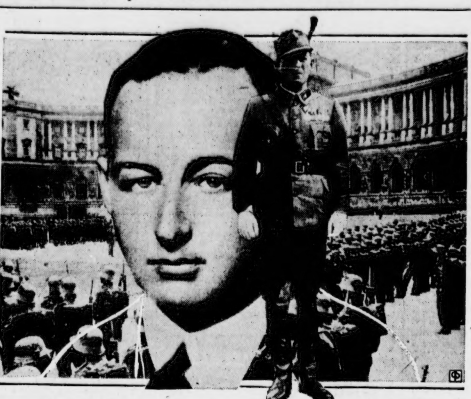

The claimant property was owned by the Canadian Car and Foundry Company.

2,600 Pension Applications In Course Hearing

OTTAWA, May 14.—Justice Fawcett, sitting as chairman of the Canadian pension committee on ex-servicemen's problems today said that on May 13 there were 2,600 applications for pensions ready to be heard by the court.

He said the age of the pensioners was 50.

Co-Dictator of Austria May Be Shorn of Power

Above is Prince Ernst Rudiger von Starbrenberg, commander of Austria's powerful Heimwehr political army, and vice-chancellor, who has been dropped from the Austrian cabinet while the powers of his co-dictator, Chancellor Kurt Schuschnigg (below) have been increased.

In reply, Defense Counsel George M. Levy declared Luciano "never had anything to do with this rotten conspiracy," but earned his living as a gambler during the last few years.

VILLAGE FATHERS WON'T HAVE ANY NUDIST COLONY POPPING UP ON BEACHES

LINDSAY, May 14.—The village fathers of Thurston-Greenhurst let it be known Wednesday they won't have any nudist colony popping up on the beach. There was an added implication that even den nudists will not cluster up the beaches.

Rumors that would be devoted "spread about the beach" last week that most certainly nudists would establish a camp there this summer, some people thought the rumors were "a little bit of a branch of that set up last year at Lone Valley, N.J., where farmer Bill Seavey held clam bakes on his ad-

joining farm as the pretexts could perk.

The village fathers were disappointed but held no uncertain views. At the council meeting a resolution was unanimously passed that "it is a criminal offense to appear on this beach or anywhere else in the village in trunks only."

Apparently, he said, the League of Nations was a failure. Canada's decision where it was to continue a member of an organization which no longer offered the security desired. It should also consider its relation to Great Britain in international affairs and whether it was to be drawn into war as a result of British policy which might be a bungling policy.

Referring to the question, Mr. King said he was aware of no such thing.

FRANCE GOLD FLOOD DRAINED

PARIS, May 14.—The flight of capital after the Duff victory in the recent parliamentary elections drained 2,739,000,000 francs (\$181,890,000) in gold from the Bank of France during the week ending May 8, a bank statement revealed today.

The loss, the heaviest this year, increased the lowering of the gold reserves to 7,670,000,000 francs (\$502,220,000) since March 20. The remaining, gold stock, valued at \$28,029,000,000 francs (\$1,842,296,000) was further reduced by the outflow of several hundred million francs, said financial circles, before the bank's official restrictions on currency transactions last week stalled the leak.

The gold in the bank's vaults, totaling \$28,029,000,000 francs was 10,192,500,000 francs divided by 27 per cent, within a year.

KASPER QUADS DOING FINE

PASSAIC, N.J., May 14.—The Kasper quadruplets, Frances, Frank, Ferdinand and Felix were "doing fine" at St. Mary's hospital last night.

The hospital said the weights of the four children, born last Saturday at Mrs. Emil Kasper, wife of a local engineer, were 14.50, 14.50, 14.50 and 14.50 pounds. "We need not be checked since we are doing fine," said the doctor.

The morning weight check showed three of the four had gained weight over night.

Degrees Conferred

WINNIPEG, May 14.—Honorary degrees of Doctor of Laws were conferred Wednesday on Dr. Charles Cammell, Ottawa, deputy minister of mines and W. G. Evans, M.L.A., Winnipeg, at annual convocation of the University of Manitoba here today.

Well, For Goodness Sakes! STOP TELLING STORIES ABOUT THEM Here's Hope On Lowly Snake

NEW YORK, May 14.—Snakes, the officials of the first international snake exposition agreed Wednesday, are the most misunderstood of all living creatures and the public should stop telling stories about them.

At the exposition the executive committee officially debunked snake lore, and gave out the following information: "You cannot tell the age of a rattlesnake by the number of its rattles."

LEADERS OF TWO MAJOR PARTIES FAIL TO AGREE

POPULAR FRONT GIVEN SUPPORT

OTTAWA, May 14.—Leaders of the two major parties in the house of commons Wednesday refused to agree to an early decision of the League of Nations and the continuance of sanctions against Italy when J. S. Woodsworth, C.C.F. leader, raised the question.

Prime Minister Mackenzie King suggested in view of the delicate condition of affairs in Europe a precipitate discussion of the question in the Canadian parliament might not be the best contribution to a solution of international problems. Conservative Leader Bennett said the house should be guided by Mr. King's judgment.

Mr. Woodsworth stated with a series of questions to Mr. King when the prime minister said a discussion would take place later in the session. Mr. Woodsworth declared the government should take an early stand on its confidence at the house.

Apparently, he said, the League of Nations was a failure. Canada's decision where it was to continue a member of an organization which no longer offered the security desired. It should also consider its relation to Great Britain in international affairs and whether it was to be drawn into war as a result of British policy which might be a bungling policy.

Referring to the question, Mr. King said he was aware of no such thing.

Ontario Continues To Get Big Relief

TORONTO, May 14.—Ontario will continue to get \$300,000 monthly in unemployment relief grants from the federal administration, Hon. Norman Rogers, federal minister of labor, announced on his return today from Ottawa, where he conferred with Hon. James Duggan, federal minister of labor.

Consultations with the British government with regard to sanctions, Rogers said, were under way. Another he said had not been a member of the council of the League and so had not voted at the recent meeting which decided on continuation of sanctions.

The House spent the afternoon on estimates and a discussion of votes for national parks.

PRICE QUITS PUBLIC LIFE

TORONTO, May 14.—Col. W. H. Price, former Ontario attorney-general and a member of the legislature for 22 years, last night announced his retirement from public life. He would continue to live in the next general election, nor be a candidate for the Conservative party leadership at the May 28 party convention, Col. Price said.

His retirement was due to "purely personal and private reasons," said Col. Price, elected member for Toronto Parkdale six times in succession.

COMMUNISTS ATTACK POPE

PARIS, May 14.—The French Communist party last night called Pope Pius' denunciation of Communism a "declaration of war" and accused the pope of wishing to prevent the "communist" struggle of solidarity and brotherhood.

Bill To Set Up Free Ports Gets Second Reading

OTTAWA, May 14.—The Senate Wednesday gave second reading to a bill to establish "free ports" or "free foreign trade zones" in Canada and to appoint a committee to study the proposal before the bill is advanced further.

Senator J. P. B. Cavanagh (Lib., Montreal), who introduced the bill last week, urged Canada under the proposal would derive benefits similar to those obtained by numerous European nations, which established "free ports."

The bill gives authority to the minister of national revenue to license a public body, a province or municipality to establish and conduct at their expense "free ports" at approved places.

Duty would be collected on goods reimported into Canada only if they were consigned to persons in Canada. If the goods were to be used in foreign countries, there would be no taxing duty.

RESCUERS ARE DIRECTED BY ENTOMBED MAN

SEATTLE, May 14.—Trapped 35-feet underground in quicksand in a sewer excavation, Clarence B. Good, a works progress administration laborer, Tuesday, directed his own rescue until he was extricated and taken to the surface.

"Don't spoil my linen," he joked as he arrived at the top of a shaft where a crowd waited.

It was taken to a hospital where attendants said he apparently escaped with bruises and shock.

William Deering, another WPA worker, in the shaft with Good when the cave-in occurred, scrambled up a ladder.

The sand buried Good to his neck and water was rising when a fire department pump arrived and kept the water down until Good could be removed.

The British Royal Air Force was formed in April, 1918.

PRIEST TO FLY TO HUDSON BAY

NEW YORK, May 14.—Father Paul Schuler, Roman Catholic priest who made the trip here from the Hudson Bay and celebrated mass in the Zeppelin's lounge during the westward flight over the Atlantic, is arranging a trip by airplane to Hudson Bay, Chesterfield Inlet and the McKenzie River in the interest of the society, M.I.V.A., of which he was the founder.

This society supplies modern means of transportation to missionaries in the far north of the world. The initials stand for a Latin title meaning "missionary vehicle and association." It now has 6,000 members in Germany.

Ex-Actress Dies

LONDON, May 14.—Mrs. Godfrey Teasdale, 68, former actress and wife of the noted actor, died from pneumonia Wednesday at her home, Bunker's End, Tring, Herts. Mrs. Teasdale was the former Stella Freeman.

GOODRICH TIRES

PUT YOURSELF IN THIS PICTURE
BLOW-OUTS AND SKIDS
CAUSE ACCIDENTS LIKE THIS

IT certainly doesn't pay to gamble on tires. Literally thousands are killed or injured in blow-out accidents every day. Do you realize that the chances are better than even that you, too, may have a blow-out some day?

At speeds of 40-50-60 miles an hour tires get blistering hot inside. Rubbers and fabric pull apart. A blister forms. The blister grows bigger and bigger until—sooner or later—BANG! Your car goes careening off the road and newspapers report one more blow-out accident.

Golden Ply Protection in Silvertons

But now you can get the protection of the Life-Saver Ply—invested by a well-known tire engineer to cut down the mounting toll of accidents. Every Goodrich Silverton—and only Silverton—has this life-saving feature built right into the carcass. The Golden Ply resists tire heat. It keeps rubber and fabric from separating. It keeps blisters from forming. Thus you're protected because when you prevent the blister, you prevent the blow-out.

"Road Drying" Tread

And, adding one safety feature to another, in the tread of Goodrich Silvertons are three big center ribs instead of the usual two. These are the first sign of a skid, these three center ribs sweep away water and slush—a regular car pump action "wiper" action that gives the double outer row of bulky Silvertons a clean, dry surface to grip.

No Extra Cost

With all these extra life-saving features, Goodrich tires cost not a cent more than other standard tires. Equip your car now with the safest, toughest, longest-lasting tires you can buy—Goodrich Tires. Six different lines to choose from—a price to fit every purse. See your Goodrich dealer today.

The New Safety SILVERTONS

The safe line in the world with widest tread pattern against skidding. Goodrich Silvertons—10150 96th Street—month of trouble-free driving.

Goodrich Tires ARE SAFER... BUT COST NO MORE

Pep Up Waffles For New Breakfast Treat

By MARY E. DAGUE
Have you ever tried chocolate waffles? Or gingerbread ones? They're easy to make and everybody will love them for a treat at breakfast, luncheon or late supper. These waffles are better than pretty shells for creamed chicken or cold fish. I think and can be made at home at very little cost and trouble, while the pretty shells are expensive to buy and troublesome to make in your kitchen.

Waffle batter, ice cream sandwiches, with or without a Sister Mary sauce, chocolate waffles with ice cream, gingerbread waffles with whipped cream—all these desserts are easy to digest, easy to make and easy to eat.

Manners Of The Moment

By JEAN LYON
The name cake must be taken with waffle batter as with cake mixtures. The shortening either is worked to a cream or melted and added the last thing before the waffle is cooked. The latter method makes a crispier waffle and takes less beating, but creaming the shortening and sugar makes a tender, delicate product. The eggs should be beaten separately for the best results. If they are beaten without separating, they must be beaten until very light. The ingredients are mixed and stirred together as in cake making.

Since it's much more convenient to pour the batter from a pitcher than to dip it with a spoon from a bowl, an attractive pitcher or glass pitcher is a worthwhile addition to the equipment. Waffle batter is poured better, you know, not a drop batter.

GINGERBREAD WAFFLES
One-half cup molasses, 1 cup sugar, 3 tablespoons melted butter, 1 cup flour, 1 teaspoon baking powder, 1 teaspoon soda, 2 teaspoons ginger, 2 eggs, 1 cup milk (use cream if you have it), salt.

Heat molasses to boiling point and add butter. Mix and stir flour, baking powder, sugar and ginger and stir into first mixture. Add egg and milk and mix thoroughly. Pour into waffle iron and cook until golden brown. Turn out and add soda dissolved in a little water. Stir lightly and add soda. Bake on a hot griddle.

CHOCOLATE WAFFLES
One cup and 2 tablespoons flour, 2 eggs, 1 cup sugar, 1 teaspoon baking powder, 1 teaspoon soda, 2 eggs, 1 cup milk, 1 tablespoon melted butter. Mix and stir flour, sugar and baking powder. Add eggs and milk and mix thoroughly. Pour into waffle iron and cook until golden brown. Turn out and add soda dissolved in a little water. Stir lightly and add soda. Bake on a hot griddle.

Heat molasses to boiling point and add butter. Mix and stir flour, baking powder, sugar and ginger and stir into first mixture. Add egg and milk and mix thoroughly. Pour into waffle iron and cook until golden brown. Turn out and add soda dissolved in a little water. Stir lightly and add soda. Bake on a hot griddle.

Everyone Will Admire This Quilt

Like these gay birds, you want to fly away home for there's a quilt to be pieced, and it's one you'll love. Such a striking pattern—these patchwork birds composed of simple pattern pieces, which are set in a jolly, and give you completely new squares in almost no time. One material may be used or colorful scraps.

In pattern 3880 you will find the Block Chart, an illustration for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

To obtain this pattern, send 20 cents in stamps or coin (prefered) to The Edmonton Bulletin, Household Arts Dept. Be sure to write to the Editor.

Your Children

Growing children love growing. If they lose interest quickly it is because we don't follow up with stimulating but allow their early enthusiasm to die. To follow up with stimulation is to keep them interested.

CONSULT CHILD GARDEN BOOKS

One way, the best way, too, to think, to arouse real interest, is to obtain a child's garden book. It is a book that will give you many ways, not for one year, but for many years, to keep your child's interest in the garden.

A few of the books I have across that are sure to appeal to the young gardener are:

"Children and Gardens" by Gertrude Jekyll, published by Macmillan and Co.

"The Garden Book" by De La Mare (published by Alfred A. Knopf).

"Garden Questions Answered" by De La Mare (published by Alfred A. Knopf).

"The Garden Primer" by De La Mare (published by Alfred A. Knopf).

"The Garden Book" by De La Mare (published by Alfred A. Knopf).

"The Garden Primer" by De La Mare (published by Alfred A. Knopf).

What New York Is Wearing

By Helen Williams

They watch you fix the coat and ask you why you don't put it on. By the time you've tried to combine their ideas with your own you can't even get a thing to wear. The best thing to do with these helpful things is to up-date on them. Tell them your way is the Spanish way, or the Tibetan way. And stand on it. Don't let heaven's cake follow any of their suggestion. If you still hope to have a decent meal.

Contract Bridge

By E. J. Sheppard

Often it may seem as if a contract cannot be fulfilled, when a little study of bidding will disclose reasons that may be utilized to great advantage. As the bidding proceeds, the player who is in the lead should be able to see the hand of the other player. The deal was made last Friday evening. My partner, Naul Handley, was North, with Menzies, South, and Joseph Kennedy, East. The bidding was: North, 1-Spade; South, 3-Spade; East, 4-Spade; West, 5-Spade. The bidding was: North, 1-Spade; South, 3-Spade; East, 4-Spade; West, 5-Spade.

What To Do

This is the time of year Mrs. Mott is looking around for a new home. One of the simplest ways to keep her from moving right into her winter quarters is to buy a new home. One of the simplest ways to keep her from moving right into her winter quarters is to buy a new home.

Minute Make-Ups

Solution Of Salts Improves The Skin

By GLADYS GLAD
"DEAR MISS GLAD: Quite some time ago you wrote me suggesting Epsom salts on the face. I have enlarged pores and would like to try this, but I have forgotten the correct procedure. Could you possibly enlighten me on the preparation and administration of this solution?"

The Epsom salts solution not only cleans the skin, but also helps to correct acid skin condition, and has a tonic effect on the skin. To prepare the solution, dissolve six teaspoons of Epsom salts in a quart of water. Before applying, first cleanse your skin with cleansing cream and then with a bland soap. Then apply the solution with a brush. The Epsom salts solution will give you a clear, smooth skin.

DA LUPINO

JASPER JOTTINGS

By FAY PARKER

On the contrary it will be helpful. Many women fallaciously believe that the drinking of large quantities of water will cause an increase in weight. This is not true. It is a common mistake. Overweight is due to the improper removal of waste material from the body. Water cleanses the alimentary canal, dissolves the waste material in the tissues and sweeps the intestines clean of all poisons. It is a healthy habit to drink plenty of water. It is a healthy habit to drink plenty of water.

ANSWERS TO QUESTIONS

Figure

John Conatation may indeed be a cause of over-weight. Pulling on a correcting corset will not remove the fat. The fat is in the muscles, and it is necessary to use a corrective exercise to remove the fat. The fat is in the muscles, and it is necessary to use a corrective exercise to remove the fat.
